Online learning isn't new. The rate at which districts need to digitally transform is. We work with educators to create opportunities for students to thrive in any learning environment. We've been doing it successfully for over 20 years. Transform your online learning with a trusted partner.

Apex Learning | Where opportunity thrives

The course extends students' understanding of these principles in the context of personal finance, exploring issues such as career planning, budgeting, credit, taxes, investing, insurance, loans, and major purchases. In the course, students hone their analytic writing through a scaffolded series of written assignments. They also apply basic mathematics to economic concepts.
