BUSINESS ETHICS, Eighth Edition guides you through the process of thinking deeply about important moral issues that frequently arise in business situations, and also helps you develop the reasoning and analytical skills to resolve those issues if and when you might face them. Combining insightful and accessible textbook chapters by the author with cases that highlight the real-world importance of key ethical concepts, this book provides a comprehensive, flexible, and pedagogically proven course of study that explores the intersections of commerce and ethics. Shaw's uniquely thorough and practical guide brings clarity to such critical topics as the nature of morality, individual integrity and responsibility, economic justice, concepts of capitalism, and the role of corporations in our society (including their responsibilities to consumers and to the environment), and real-life moral issues that arise in the workplace. Available with InfoTrac Student Collections http://goengage.com/infoTrac. Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings.

In the wake of ethical scandals and close ethical scrutiny throughout business and the accounting professional today, Brooks/Dunn's BUSINESS & PROFESSIONAL ETHICS, 9E provides the ethical insights and strategies you need for corporate and professional success. Learn why ethical behavior is so important and how to recognize potential pitfalls that involve much more than memorizing rules. You master the skills to develop a corporate culture of integrity that maintains stakeholder support and enables directors and auditors to complete their jobs. You also learn how to use ethical strategies to make decisions, as this edition examines the latest information on governance scandals, legal liability and professional accounting and auditing issues. More than 130 cases and readings highlight new and classic cases of fraud, bankruptcy and unprofessional practices to help you better understand appropriate codes of conduct and sound ethical reasoning while strengthening your persuasive and leadership skills for success.

MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Trevi ñ o and Kate Nelson bring together a mix of theory and practice in Managing Business Ethics: Straight Talk about How to Do It Right, 7th Edition. In this new edition, the dynamic author team of Linda Trevi ñ o, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. Managing Business Ethics is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Gain a better understanding of common threads and patterns of ethical challenges with cases and readings drawn from pop culture, business, and history. BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 9E provides relevant issues, such as getting out of student loans-- the consequences and societal costs as well as benefit to graduates. Probing questions and content force you to look beyond emotions and opinions to evaluate the costs of ethical decisions, such as Edward Snowden's actions and whether they harmed or helped society. Cases provide historical perspective as you learn how individuals slip into behavior that lead to ethical and legal breaches. Real examples of business decisions gone awry in this market-leading collection of readings present patterns of behaviors and choices that often result in the destruction of businesses and personal lives. Perspective and insights provide a knowledge base for readers to recognize and resolve ethical issues.
