S11E14: What's holding you back? w/ Nikki Novo. 00:00:01 - 00:05:02. The Dateable podcast is an insider's look into modern dating that the Huffington post calls one of the top ten podcast about love and sex. On each episode, we'll talk to real daters about. From sex parties to sex droughts, date fails a diaper fetishes and first moves to first ...

Will I be Alone Forever is a sneaky book. Sure, it looks like your typical how-to-find-a-husband tome -- the kind that will happily put a Band-Aid over your wounds. But I'm not about to start our relationship by lying to you. Inside these pages, you are not going to find one-size-fits-all advice that

will inevitably leave you lost, confused, and wondering if you're really that into him, anyway. This book will not offer you strategies for texting or proper calling etiquette. If you want to adopt someone else's dating rules as your own, you know where to go. Sure, we can all learn to play the role, and wrap some love-struck guy around our finger. But how far has that gotten you? Rather than treat dating as a means to an end--the end being a boyfriend or husband--this book teaches its readers how to actually enjoy the process. Science has proven that like attracts like. So when it comes to searching the globe for your forever partner, you can't just fake it until you make it. You want someone who is cool, calm, and confident? Well then, you have to be cool, calm, and confident. But don't fret; you actually are that person deep down inside, and this book will teach you how to make friends with her. Will I be Alone Forever offers the reader sustainable instruction. After all, I will not be available to whisper orders into the reader's ear once she's out in the real world dating. This book aspires to breed self-sustaining daters who will close this text and feel assured that they will know how to handle any situation whether it be rejection, sex, or online dating.

Since Bradt first published a guide to Benin over 10 years ago, the country has become more popular with visitors to West Africa. Bradt's Benin remains the original and one of the only comprehensive guides in English to this French-speaking country, arguably the region's best wildlife destination and the birthplace of the much maligned and little understood religion of Vodou (voodoo). This new edition includes coverage of the growing range of eco-travel and community based tourism options that have sprung up in recent years. Also included is more information on the wildlife and national parks of the north which are becoming more popular with general safari tourists, including the Parc National de la Pendjari (now under African Parks Management), increasingly recognised as the closest place to Europe easily to see lions and elephants. A dedicated chapter on Cotonou ensures the capital is covered in full detail, including up-to-date recommendations for places to eat and stay, while the rest of the country is divided into five easy-to-follow chapters, each replete with listings, hotels and restaurants, background and historical text, as well as recommendations on what to see and entertainment. Bradt's Benin also includes a field guide to gods, ghosts and dead people: after all, it's easy here to arrange to have a cup of tea with a wizard and buy spells to make someone love you. And what makes Benin so special from a visitor's perspective is that such characters are a visible part of day-to-day life and encounters with them may well form the backbone of a Benin adventure. But there is more than just storybook magic to this country. It has a huge and varied array of birdlife and two of the finest parks this side of the continent and it is a place in which heart-in-the-mouth encounters with buffalo, elephant and lion are day-to-day events. Whatever your interest, whether it's wildlife, culture, golden sand beaches or tracing your ancestral roots, Bradt's Benin offers comprehensive and extensive travel information for all price bands and is the perfect companion for a successful visit.

Still Cruising the High Seas is a sequel to Danny Leone's first autobiographical travel escape Once Upon a Cruise. This story chronicles his experiences employed in an interim position at a second rate cruise line while his company was building new deluxe ships in Pascagoula, Mississippi. It details the contrast between his temporary fill-in job and his stellar career with Moore-McCormack Lines, including the harrowing catastrophe at sea which nearly cost him his life and those off all on board.
