The Data Bank Mode lets you store up to 30 records, each containing name and telephone number data. Records are automatically sorted based on the characters of the name. You can recall records by scrolling through them on the display. • The characters you can input for the name depend on the language you select in the Timekeeping Mode.

Operation Guide 2515 - CASIO

In the Data Bank Mode, use E (+) and D (-) to scroll through Data Bank records on the display. • See “ Sort Table ” at the back of this manual for details on how the watch sorts records. • Pressing E while the last Data Bank record is on the display or D while the first record is on the display displays the new data screen.
