Regarded by many as the finest actor of his generation, Daniel Day-Lewis has become one of Hollywood's most bankable stars. His diverse performances in roles such as cerebral palsy sufferer Christy Brown in *My Left Foot* and Butcher Bill in *Gangs of New York* have cemented his reputation as a chameleon method actor. Yet behind the on-screen personas and theatrical masks lies a complex figure about whom relatively little is really known. Acclaimed biographer Laura Jackson has spoken to many close friends of the actor, including Dame Judi Dench and Simon Callow, and has provided us with a fascinating insight into this intense and talented star. As well as a wonderful portrait of his creative life, this book also reveals Day-Lewis's past relationships with his co-stars and how he has found happiness with Arthur Miller's daughter Rebecca. There are very few books about this reclusive and chameleon-like actor despite his award winning film roles and ever increasingly popularity. His new Oscar & Bafta nominated movie *Lincoln* is scheduled for UK release early 2013.

Suffering in cinema can be crucial to how stars are cast in roles and perceived by audiences, whether it is performed on the screen or weathered in the form of scandal, heartbreak, disfiguration, or aging in an actor ' s real life. In *Star Bodies and the Erotics of Suffering*, editors Rebecca Bell-Metereau and Colleen Glenn assemble thirteen scholars to consider fourteen stars whose careers have been defined by suffering on- or off-screen. Together, these essays question assumptions that an actor ' s ability to project an enduring image—both symbolic and physical—is necessary for box-office success, demonstrating instead that disruptions often shape and direct the star image. Contributors in this collection examine a wide range of stars from the last seventy years. Some essays deal with actors who have transformed temporarily for a role, or permanently, through aging or accident, such as Joaquin Phoenix, Daniel Day-Lewis, Mickey Rourke, Charlize Theron, and Hilary Swank. Other essays consider stars ' attempts to conceal aspects of themselves from the public in order to maintain a palatable public image, including Rita Hayworth, Rock Hudson, and Michael Jackson. Some explore typecasting and audience expectations, noting how struggles with marriage, divorce, and aging intersect in the images of Natalie Wood, Marilyn Monroe, and Harrison Ford. A final set considers Sissy Spacek, Julia Roberts, and Halle Berry as women who reconfigure negative press and restrictive gender and racial expectations to their advantage, managing public perceptions of suffering in ways that flummox their critics. *Star Bodies and the Erotics of Suffering* offers film buffs, students, and scholars a fresh take on casting, method acting, audience reception, and the tensions at play in our fascination with an actor ' s dual role as private individual and cultural icon.

One of the most acclaimed actors in film history, Day-Lewis has earned numerous awards, including 3 Academy Awards for Best Actor for his performances in *My Left Foot* (1989), *There Will Be Blood* (2007), and *Lincoln* (2012), making him the only male actor in history to have three wins in the lead actor category, and one of only three male actors to win three Oscars. He was also nominated in this category for *In the Name of the Father* (1993), *Gangs of New York* (2002), and *Phantom Thread* (2017). He has also won four BAFTA Awards for Best Actor, three Screen Actors Guild Awards, and two Golden Globe Awards. In November 2012, *Time* named Day-Lewis the "World's Greatest Actor".

This is work of creative art and satire (17 U.S. Code 107) One of the most acclaimed actors of his generation, Day-Lewis has earned numerous awards, including three Academy Awards for Best Actor for his performances in *My Left Foot* (1989), *There Will Be Blood* (2007) and *Lincoln* (2012), making him the only male actor in history to have three wins in the lead actor category and one of only three male actors to win three Oscars. In June 2014, he received a knighthood at Buckingham Palace for services to drama.

James Bond is possibly the most well known fictional characters in history. What most people don't know is that almost all of the characters, plots and gadgets come from the real life experiences of Bond's creator - Commander Ian Fleming. In this book, we go through the plots of Fleming's novels explaining the real life experiences that inspired them. The reader is taken on a journey through Fleming's direct involvement in World War II intelligence and how this translated through his typewriter into James Bond's world, as well as the many other factors of Fleming's life which were also taken as inspiration. Most notably, the friends who Fleming kept, among whom were Noel Coward and Randolph Churchill and the influential people he would mingle with, British Prime Ministers and American Presidents. Bond is known for his exotic travel, most notably to the island of Jamaica, where Fleming spent much of his life. The desk in his Caribbean house, Goldeneye, was also where his life experiences would be put onto paper in the guise of James Bond. As the island was highly influential for Fleming, it features heavily in this book, offering an element of escapism to the reader, with tales of a clear blue sea, Caribbean climate and island socialising. Ian Fleming might have died prematurely aged 56, but so much of him lives on to this day through the most famous spy in the world, James Bond.

"A crash course in English literature"--Cover.

We've all heard that, "you learn more from failure than you do from success." Which means that all those hours spent watching crappy movies wasn't a waste of your precious and ever-dwindling life span; it was an education! And *Better Living Through Bad Movies* can show you how to extract the profound, life-affirming lessons from films like *Battlefield Earth*, *Coyote Ugly*, and *Indecent Proposal*. In over 50 hilarious reviews, the authors show how you can use the worst movies ever made to improve your sex life (it involves cardboard cutouts and clog dancing), Apocalypse-proof your home (using the following materials: John Travolta, Kevin Costner, Sylvester Stallone and more

The perfect travel companion: DK Eyewitness Travel Guide: Top 10 Los Angeles.

It ' s no surprise that the historic Massachusetts seaport ' s history is checkered with violence and heinous crimes. Originally called Naumkeag, Salem means “ peace. ” However, as its historical legacy dictates, the city was anything but peaceful during the late seventeenth century. Did the reputed Boston Strangler, Albert DeSalvo, strike in Salem? Evidence supports the possibility of a copy-cat murder. From the recently pinpointed gallows where innocents were hanged for witchcraft to the murder house on Essex Street where Capt. Joseph White was bludgeoned to death and then stabbed thirteen times in the heart, Sam Baltrusis explores the ghost lore and the people behind the tragic events that turned the “ Witch City ” into a hot spot that has become synonymous with witches, rakes, and rogues.
