Evolution Of International Aviation 2nd Edition By Dawna L ...

It explores the challenges facing the industry in the current era and discusses some of the brave new possibilities for international aviation. This second edition of the book is thoroughly revised and updated from the 2003 original, in light of many significant developments in (and affecting) the industry, such as the mixed ability of sectors to recover from 9/11, the establishment of the low cost carrier, the consequences of rising fuel costs (now the single greatest expense to airlines ...
