With everything from which hamster is the best to get to how to care for your pregnant hamster this guide is essential for any hamster pet owner.

Ever since hamsters arrived in the United States in the 1950s, they have topped the list as America's favorite critter. Hailed as "the ultimate pocket pet," hamsters are "small, cute, fuzzy, clean, and easy to care for," in the words of author Virginia Parker Guidry. Filled with terrific color photographs, this Complete Care Made Easy Hamsters encapsulates all the virtues of these flawless little mammals and gives owners practical advice about how to better understand them and properly care for them. Deciding to add a hamster to one's household is the subject of the chapter "The Right Choice," which discusses the virtues of these easy-to-tame children's pets and the commitment they require. The chapter "Locating a Healthy Hamster" offers solid advice about selecting the right pet, where to purchase or adopt, and whether two (or three) is better than one. Two complete chapters on the hamster's homecoming offer the reader excellent advice about acclimating the new pet to the home, selecting the best cage, accessories, setting up the hamster's habitat, and finding a good vet. In "Life with a Hamster," the author discusses the hamster's nocturnal nature, various physical behaviors, temperature requirements, handling, and basic husbandry. The hamster's feeding requirements are discussed in "Dinnertime!" which outlines the ideal diet of dry mix, fresh foods, and occasional treats. Sidebars about common poisonous

years. With information on where to buy and how to select a healthy hamster right through to caring for these creatures successfully this book is for anyone who is considering a Roborovski Hamster or who already has one but is looking for extra information on how to look after them. There is a lot of conflicting information out there which can be confusing, what should you believe and what should you ignore? This is an all in one, go to guide, which covers all the main topics and answers any questions you may have. Unlike other books that often focus on hamster care as a whole this is targeted at the Roborovski Hamster specifically. By the time you reach the end you should be able to provide your new pet with a stress free environment and give it a happy and long life. If you only buy one book about Roborovski Hamsters make sure it's this one. Covered in this book: - Bedding And Nesting - What Is Good And What To Avoid - Breeding - Cage Options And How To Choose A Suitable One - Cleaning - Costs - Finding A Lost Hamster - Food - What To Give And What To Avoid - Frequently Asked Questions - Hamster Accessories - Hamster Clubs And Shows - How Distinguish Between Males and Females - How To Identify Healthy Hamster - Is A Roborovski Hamster For Me? - Medical Conditions - Settling In And Taming - Special Features ...and much more.

Dwarf hamsters are cute, tiny rodents that have only recently become popular with pet owners and differ from the more common Syrian hamster because of their small size. On average, adult dwarf hamsters measure 9 centimetres or 4 inches in length. They first appeared on the domestic small pet scene sometime around the early 1970's but were not common-place and had to be obtained from breeders. They appeared in the commercial pet trade on a large scale in the mid-1990's and have since grown in popularity with small pet owners. There are three recognised species of dwarf hamsters, namely Campbell's, Roborovski and Russian Winter White. Since their growth in popularity there are many hybrid dwarf

hamsters available as well, bred to create different colour variations. Although they are small, they are not suitable pets for small children. Their fragile composition makes caring for dwarf hamsters a commitment of careful care, a gentle touch and ensuring that they stay well fed, watered and healthy. Veterinary treatment of such tiny animals is very difficult, so prevention of injury or sickness is key. If you decide to commit to caring for one of these tiny, cute little animals you will be rewarded with endless hours of entertainment as many of these cuties can become quite loving if treated properly. Although dwarf hamsters might not be the best pet for just anyone, if you are that right someone then educating yourself on how to care for them will be the first step towards what will be the most rewarding and fascinating journey as you get to know your little dwarf hamster with its quirky personality and amusing daily routines. Covered in this book: - Body Language - Breeding - Buying - Characteristics - Classification - Costs - Daily care - Feeding - Fighting - General facts - Health - Housing - Origin - Personality and much more.
