The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. *Readers Guide Inside*

El profesor de simbología en Harvard Robert Langdon despierta en un hospital a media noche. Desorientado y con una herida en la cabeza, no recuerda nada de las últimas treinta y seis horas, incluyendo como llegó allí o el origen de ese macabro objeto que los médicos han descubierto entre sus pertenencias. Con una incansable asesina persiguiéndoles por Florencia, Langdon y la ingeniosa doctora Sienna Brooks se ven obligados a huir. Embarcados en un aterrador viaje, deberán desenramar una serie de códigos desarrollados por un brillante científico cuya obsesión con el fin del mundo sólo se compara con su pasión por una de las obras más influyentes jamás escritas: El infierno, el oscuro poema épico de Dante. Dan Brown ha vuelto a superarse, combinando el arte clásico de Italia, su literatura y su historia con la ciencia más avanzada en este entretenidísimo thriller.

From the author of No.1 international bestseller *Collapse*, a mesmerizing portrait of the human past that offers profound lessons for how we can live today Visionary, prize-winning author Jared Diamond changed the way we think about the rise and fall of human civilizations with his previous international bestsellers *Guns, Germs and Steel* and *Collapse*. Now he returns with another epic - and groundbreaking - journey into our rapidly receding past. In *The World Until Yesterday*, Diamond reveals how traditional societies around the world offer an extraordinary window onto how our ancestors lived for the majority of human history - until virtually yesterday, in evolutionary terms - and provide unique, often overlooked insights into human nature. Drawing extensively on his decades working in the jungles of Papua New Guinea, Diamond explores how tribal societies approach essential human problems, from childrearing to conflict resolution to health, and discovers we have much to learn from traditional ways of life. He uncovers remarkable findings - from the reason why modern afflictions like diabetes, obesity and Alzheimer's are virtually non-existent in tribal societies to the surprising benefits of multilingualism. Panoramic in scope and thrillingly original, *The World Until Yesterday* provides an enthralling first-hand picture of the human past that also suggests profound lessons for how to live well today. Jared Diamond is the Pulitzer Prize-winning author of the seminal million-copy bestseller *Guns, Germs, and Steel*, which was named one of TIME's best non-fiction books of all time, and *Collapse*, a #1 international bestseller. A professor of geography at UCLA and noted polymath, Diamond's work has been influential in the fields of anthropology, biology, ornithology, ecology and history, among others.

Walt Longmire faces an icy hell in this New York Times bestseller from the author of *Land of Wolves* Well-read and world-weary, Sheriff Walt Longmire has been maintaining order in Wyoming's Absaroka County for more than thirty years, but in this riveting seventh outing, he is pushed to his limits. Raynaud Shade, an adopted Crow Indian rumored to be one of the country's most dangerous sociopaths, has just confessed to murdering a boy ten years ago and burying him deep within the Bighorn Mountains. Walt is asked to transport Shade through a blizzard to the site, but what begins as a typical criminal transport turns personal when the veteran lawman learns that he knows the dead boy's family. Guided only by Indian mysticism and a battered paperback of Dante's *Inferno*, Walt braves the icy hell of the Cloud Peak Wilderness Area, cheating death to ensure that justice--both civil and apiritual--is served.

Desde el momento en que Jordan Lennox, conde de Falconridge, puso los ojos en Mara Bryce supo que era la mujer que amaría durante el resto de su vida. Pero también percibió que aquel primer encuentro podría convertirse en una relación duradera, porque su deber lo obligaba a abandonarla sin explicaciones ni promesas. Ahora, tras doce años sirviendo devotamente a su patria en peligrosas misiones de espionaje, Jordan ha vuelto a encontrarse con la mujer a quien nunca ha olvidado. Convertida en lady Pierson, Mara es una madre joven, viuda de un matrimonio desgraciado, y un ser si cabe más fascinante y cautivador que la dama que ha permanecido durante años en el recuerdo de Jordan. When the mission goes south and politics intrude on their plans, the team must rely on their wits--and guts--to survive. Can they make it...with a wounded team member and a female civilian in tow? Story Behind the Book "I met Chuck Holton a few years ago when he took my fiction classes at the Mount Hermon Christian Writers Conference. I enjoyed him because my life experience is so different from his. When it was time to develop a new fiction series, I thought it would be fun to combine his military background with my civilian background and write a series right out of today's headlines. He has basically written the male points of view, and I've done the female. Very challenging and great fun!" --Gayle Roper
