Series CB & CC. 1.3L, 1.5L, 1.6L & 1.8L engines.

Documents specifications, repairs, and servicing procedures for individual models, and provides information on component repair and overhaul

Covers 1979 through 1986 models, with specific makes and models grouped according to manufacturer and body style and including specifications, removal, installation, and service procedures unique to each car.

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

This book includes repair information on cars and light trucks. Includes specifications, tune-ups, troubleshooting and diagnosis, engine rebuilding, emissions controls, brakes, transmissions, and more.

Each section contains car identification, service procedures, and specifications. Areas covered include: electrical system, engine rebuilding, troubleshooting, cooling systems, emission controls, fuel systems, transmissions, turbocharging, diesel engines, clutches, transaxles, differentials, suspension, steering, brakes, and fuel injection.
