living and nursing home facilities is unlike any other personal injury litigation. The second edition of Nursing Home Litigation: Pretrial Practice and Trials has been significantly expanded and will provide you with a detailed step-by-step look at how nursing home cases should be handled. The book's chapters are organized in a way that will help you with your case from pretrial to trial. The first chapter will give you tips and techniques for writing the demand letter. The following chapters provide insight for both the plaintiff's attorney and defense attorney on topics such as interviewing older witnesses, preparing staff for deposition, demonstrative evidence, voir dire, opening and closing arguments. Also included is a FREE CD-ROM of actual depositions of nurses, administrators, directors of nursing and and upper

management in nursing homes.

As more people live longer, the need for quality long-term care for the elderly will increase dramatically. This volume examines the current system of nursing home regulations, and proposes an overhaul to better provide for those confined to such facilities. It determines the need for regulations, and concludes that the present regulatory system is inadequate, stating that what is needed is not more regulation, but better regulation. This long-anticipated study provides a wealth of useful background information, in-depth study, and discussion for nursing home administrators, students, and teachers in

"[The book] lists all the federal requirements that are evaluated by state surveyors during the annual survey visit to nursing homes and for complaint visits. The exhibit section contains forms used by surveyors to gather data during the survey visit. Visually, the format makes the regulations easy to read. If nursing home staff used the book to prepare for a survey, they would be well prepared." -Marcia Flesner, PhD, RN, MHCA University of Missouri-Columbia From Doody's

Review Nursing homes are now the most highly regulated environments in the United States, in the service of maximizing the quality of each resident's life. This user-friendly guide has been updated to provide all of the requisite information needed by nursing home staff to prepare for a visit from federal surveyors. It provides the most current federal guidelines and the procedures used by federal surveyors in certifying facilities for participation in Medicare and Medicaid funding. It describes every aspect and service of a nursing home that is subject to inspection and includes the nearly 20% of new requirements established during the past three years, with an emphasis on the new Minimum Data Set 3.0. The guide not only presents federal requirements and explanatory guidelines but also explains how to best
