SOME DOUBTS CONCERNING THE STUDY OF POLITICAL SOCIALIZATION

DOWSE, ROBERT E. 1978-09-01 00:00:00 Footnotes 1 None of the studies under review (see p. 410) fall into this category. 2 Category (d) also includes those studies of major political figures – Churchill, Gandhi, Hitler, Stalin etc . – usually predicated upon theories of politics as a compensation for childhood injuries of various kinds and in which the political arena is seen as a displacement for drives which might have been

...

Politics cannot grow in isolation; at the same time society learns from the changing ethos of polity. A relatively young subject, Political Sociology tries to seek research excellence, in its process of evolution. This book on Political Sociology deals with different variables of society which influence various facets of political dynamics. It also analyzes attitude and behavioural pattern of the public who act as political actors.

Read Book Political Sociology Dowse Robert Edward Hughes

As a branch of political science, the book draws attention to the very nature of this inter-disciplinary study. All the chapters are conceptualized to strengthen the bond between the polity and the society and vice-versa. This book is an attempt to widen the frontier of political science with an empirical approach. Intended for the undergraduate and postgraduate students of Political Science and Sociology, the book will enrich the students indulged in research works and those who are preparing for the Civil Services examinations as well.

This book examines factors facilitating recruitment and radicalization in four organizations in Kenya and Uganda. It considers issues such as the need to belong, religious and ethnic identity, and socioeconomic (education, unemployment) and political circumstances of individuals influenced and radicalized by these organizations.

The Present Book Which Is Based On Her Doctoral Thesis Socialization Of Girl Students Was More In The Nature Of Returning To Her Roots To Study The Changes That Have Taken Place In The Post-Independence India. Since The Soul Of India Lies In The Villages, She Took Up The Study Of The Most Backward States Most Backward Regions To Probe The Problems And Hardships Encountered By The Girl-Child In Her Effort To Cope-Up With Her Urban Counterpart In The Changing Times. The Political, Religious, Social, Economic, Educational And Cultural Background Which Influence The Growth Of A Girl-Child Have Proved More Of A

Constraint Than Help. The Post-Independence Indian Society Which Has Progressed Leaps And Bounds With The Help Of Science And Technology-The Mass Media Has Come As A Boon To The Masses; Has Remained A Distant Dream For The Region.This Study Was Undertaken To Collect First-Hand Impirical Data From The Region Comprising Of Sundergarh, Sambalpur, Bolangir And Kalahandi Districts Of Western Orissa, Much Before The State And The Nation Showed Their Concern For The De-velopment Of The Girl-Child. The Present Study Of The Author Was To Probe The Bias Perpetuated By The Parents Against The Girl-Child. The Findings Have Quiet Far-Reaching Impact. However, The Study Is Just The Beginning Of Unveiling The De-monic Evils That Haunt The Society Which Still Refuses To Break Open The Shackles It Has Put On Itself In The Form Of Supersti-tions, Ignorance And Illiteracy. The Effort Should Continue Whether They Be Volun-tary Or Governmental For The Emancipa-tion Of The Girl-Child.

This handbook constitutes a single collection of well researched articles and essays on African politics, governance and development from the pre-colonial through colonial to the post-colonial eras. Over the course of these interconnected periods, African politics have evolved with varied experiences across different parts of the continent. As politics is embedded both in the economy and the society, Africa has witnessed some changes in politics, economics, demography and its relations with the

world in ways that requires in-depth analysis. This work provides an opportunity for old and new scholars to engage in the universe of the debate around African politics, governance and development and will serve as a ready reference material for students, researchers, policy makers and investors that are concerned with these issues.

While Japanese pacifism is usually seen as a national policy or an ideology rooted in the provision of Article 9 of the Japanese Constitution, it cannot be adequately understood without grasping Japanese social discourses on peace, war and justice. The perspective of political sociology provides a more in-depth understanding of Japanese pacifism and helps us to find the reasons for the critical changes that have occurred in Japan ' s policies since the mid-2000s. These changes include sending its self-defense force to Iraq and Afghanistan outside UN missions and the enactment of new security legislation in 2015. Nishikawa explores Japanese pacifism in a changing domestic and regional context, from the perspective of political sociology. Getting to grips with the social bases of politics, she examines whether Japan is likely to remain a pacifist country or retain its pacifist image in changing regional and global context. This book comprehensively examines Japanese pacifism by fully examining the social forces in action. Employing a multidisciplinary approach, the book contributes to theoretical debates on political sociology as well as Japanese and Asian studies. Japan is in an important transitional period and Japanese pacifism is being brought into question in changing national and international contexts.

Read Book Political Sociology Dowse Robert Edward Hughes

For more than a generation now, there has been a competition between two alternative theories of the nature of power in Western democracies: the pluralist model and the critical or elite model (including Marxism). Etzioni-Halevy develops a third or democratic- elite model, based on historical and comparative perspectives. Annotation(c) 2003 Book News, Inc., Portland, OR (booknews.com)

As Myanmar's military adjusts to life with its former opponents holding elected office, *Conflict in Myanmar* showcases innovative research by a rising generation of scholars, analysts and practitioners about the past five years of political transformation. Each of its seventeen chapters, from participants in the 2015 Myanmar Update conference held at the Australian National University, builds on theoretically informed, evidence-based research to grapple with significant questions about ongoing violence and political contention. The authors offer a variety of fresh views on the most intractable and controversial aspects of Myanmar's long-running civil wars, fractious politics and religious tensions. This latest volume in the Myanmar Update Series from the ANU College of Asia and the Pacific continues and deepens a tradition of intense, critical engagement with political, economic and social questions that matter to both the inhabitants and neighbours of one of Southeast Asia's most complicated and fascinating countries.
