## Henry Ford's Model T

forever changed the world. The car made "for the great multitude" (as Ford put it) first debuted in 1908 and proved so affordable and so popular that fifteen million were sold through 1927. The "Tin Lizzie" was the first automobile to be mass-produced on moving assembly lines, and built

featured a two-speed  
transmission plus a  
reverse gear. Although  
models varied - and
