The Forest Unseen: A Year's Watch in Nature: Haskell ...

The Forest Unseen is a beautifully written exploration of a small patch of old growth forest. David Haskell's writing style is so descriptive and flowing that it feels like you are having a conversation with him about his trips to the forest, rather than reading a non-fiction book.

Amazon.com.au:Customer reviews: The Forest Unseen: A Year ...

This is a dense and interesting book based on the close observation throughout one year of a very small area of old growth woodland in America. This simple description is important to the structure of the whole book - through close and regular observation of one small area the author seeks to build a clearer understanding of a greater whole.
