Crystal Bible Volume 2 is also written by Judy Hall, and like the first volume, Volume 2 of the Crystal Bible is also one of my favorite crystal books. When it came out it was a good addition to the first book as it covers some of the less well-known stones. As it is the same size as book one, it too is easy to fit in your bag.

Details the powerful effects of gems as an alternative therapy for physical, psychological, and spiritual healing • Reveals the physical, healing, and astrological properties of over 70 minerals, along with instructions for maintaining and recharging their powers • Examines the “ life ” energy of stones, their basic vibratory patterns, and how this energy is used therapeutically to treat various disorders • Shows how to use gems in color therapy and to harmonize the chakras Gemstones have been used for both therapeutic and spiritual purposes since the beginning of time and in all traditions. Used properly, they can contribute to and accelerate healing through the practice of lithotherapy, which uses gems and minerals to restore enzymatic functions, and they can energize spiritual development. Alternative medicines such as homeopathy have given prominence to the therapeutic character of certain minerals, but the use of gemstones in expanding awareness or establishing a holistic, energetic connection with the stone itself have scarcely been brought forward. In this reclaiming of ancient wisdom, Florence M é gemont explores the many potent and beneficial dimensions of the mineral world. Over 70 precious and semiprecious stones are inventoried as to their principal deposits, therapeutic applications, and zodiac correspondences. Readers will discover which physical and emotional disorders can be relieved by using which minerals and--with the application of chakra therapy--which gemstones are indispensable to their spiritual health. While not proposing that lithotherapy is a substitute for traditional allopathic treatment, M é gemont shows that it can be a powerful complement to it. Additionally, stones can act preventively, energizing both our health and spiritual resources to a state of balance and attunement.

Comprehensive reference source for the metaphysical properties and uses of over a thousand gemstones and minerals. Based on information channeled from Michael, a non-physical entity who guides Earth-bound students from a higher plane perspective.

"A comprehensive reference guide to the spiritual healing qualities and scientific properties of hundreds of sacred crystals, minerals, and gemstones, this book includes color photographs to aid in stone identification"--

Improve your life on all levels—mentally, physically, emotionally, and spiritually—with this essential reference guide to 160 easily-procured crystals, minerals, and stones. Packed with practical knowledge and 190 beautiful full-color photos, this easy-to-use handbook will teach you all about the gemstone world. Each page provides you with concise information: stone name and properties, color, corresponding chakra, planet, element, zodiac sign, numerological association, and mental, emotional, physical, and spiritual uses. Margaret Ann Lembo's metaphysical crystal directory will also give you Mohs scale ratings, divinatory meanings, and a series of positive affirmations for each stone. Learn how to charge, cleanse, and use gemstones in healing grids, plus how to use them as oracles for personal development and spiritual awakening. Praise: "When energetically used with the understandings and tips provided in this A – Z essential guide, all good things are possible. Your 'everything' go-to for crystals!" —Cyndi Dale, bestselling author of *The Complete Book of Chakra Healing* and *Beyond Soul Mates* "A must-have guide for anyone who even enjoys picking up rocks. Her straight-from-the-hip approach is matched by her passion, love and knowledge of each and every geode, multifaceted crystal, and everything in between." —Joan Ranquet, author of *Communication with All Life*

Legendary healer Diane Stein shares her extensive knowledge of gemstones in this concise agate-to-zircon reference. Each listing includes the stone's common name, its corresponding color and chakra, and a concise resume of its healing properties. Stein suggests ways to use stones to support physical and psychic well-being, by simply carrying one in a hand or pocket, wearing it as jewelry, or engaging in more advanced practices like the "laying on of stones." She also presents a glossary of terms designed for beginning students of metaphysical healing practices, and teaches how to clear, dedicate, and maintain crystals to maximize their beneficial effects. A quick reference to 550 gemstones and crystals (including many that are new to the marketplace), and their special healing properties and most helpful applications. Includes diagrams of the Kundalini (physical) and Hara Line (emotional) chakra healing systems for simplified cross-referencing with the stones. Diane Stein's books have sold more than half a million copies and are available in six languages.

Gem and Stone celebrates 50 different gems ranging from timeless classics like diamond and emerald to exotic beauties such as lapis lazuli, peridot, and even petrified wood. Altman's photographs capture the splendor of each gem alongside brief text highlighting the stones' chemical makeups, metaphysical properties, and associated folklore throughout human history. Hand-drawn illustrations by Heather Smith Jones and an insightful foreword by mineralogist Thomas W. Overton round out this lustrous volume. Rock hounds, new age practitioners, and contemporary decorators and fashionistas will all delight in this treasure of a book.

To access the power of crystals, you must know their stories. *Crystal Lore, Legends & Myths* presents these fascinating histories and legends of the world's crystals. Crystals, gems, and semi-precious stones have long been sought for their beauty, power, and utility. Historically used as adornments, currency, talismans, and amulets, crystals have been reputed through the ages to bestow magic and power on the user. However, in order to fully harness each stone ' s unique power, one must know the unique legends and lore attached to it. Every stone has a narrative or key that unlocks its power. Oftentimes, these legends have been lost—or even deliberately altered—to confuse and obscure. In *Crystal Lore, Legends & Myths*, leading crystal expert and metaphysical teacher Athena Perrakis presents the fascinating history of the world ' s most powerful stones. This comprehensive collection of stones presents to you the legends and relics from different cultures and ancient civilizations, including Lemuria, Sumeria, Egypt and Atlantis, among others. Learn the fascinating stories of how gems and minerals were used to raise power, store wisdom and secret teachings, and give incredible healing—and tap into the powers of the crystals yourself!

All the important information about 555 healing gemstones in a neat pocket-book! Though it may appear small, it encompasses the contents of a whole encyclopedia. This 2nd updated edition is based on new findings in mineralogy and new experiences and research results in the field of gem therapy, including information for an additional 125 crystals not present in the 1st edition, some of which that have been discovered in recent years. With *Healing Crystals* Michael Gienger presents a comprehensive directory of all the gemstones currently in use in crystal healing. Clear, concise and precise in style, with photographs of each of the crystals accompanying the text, he describes the characteristics and healing functions of each crystal.
